

Supplementary data

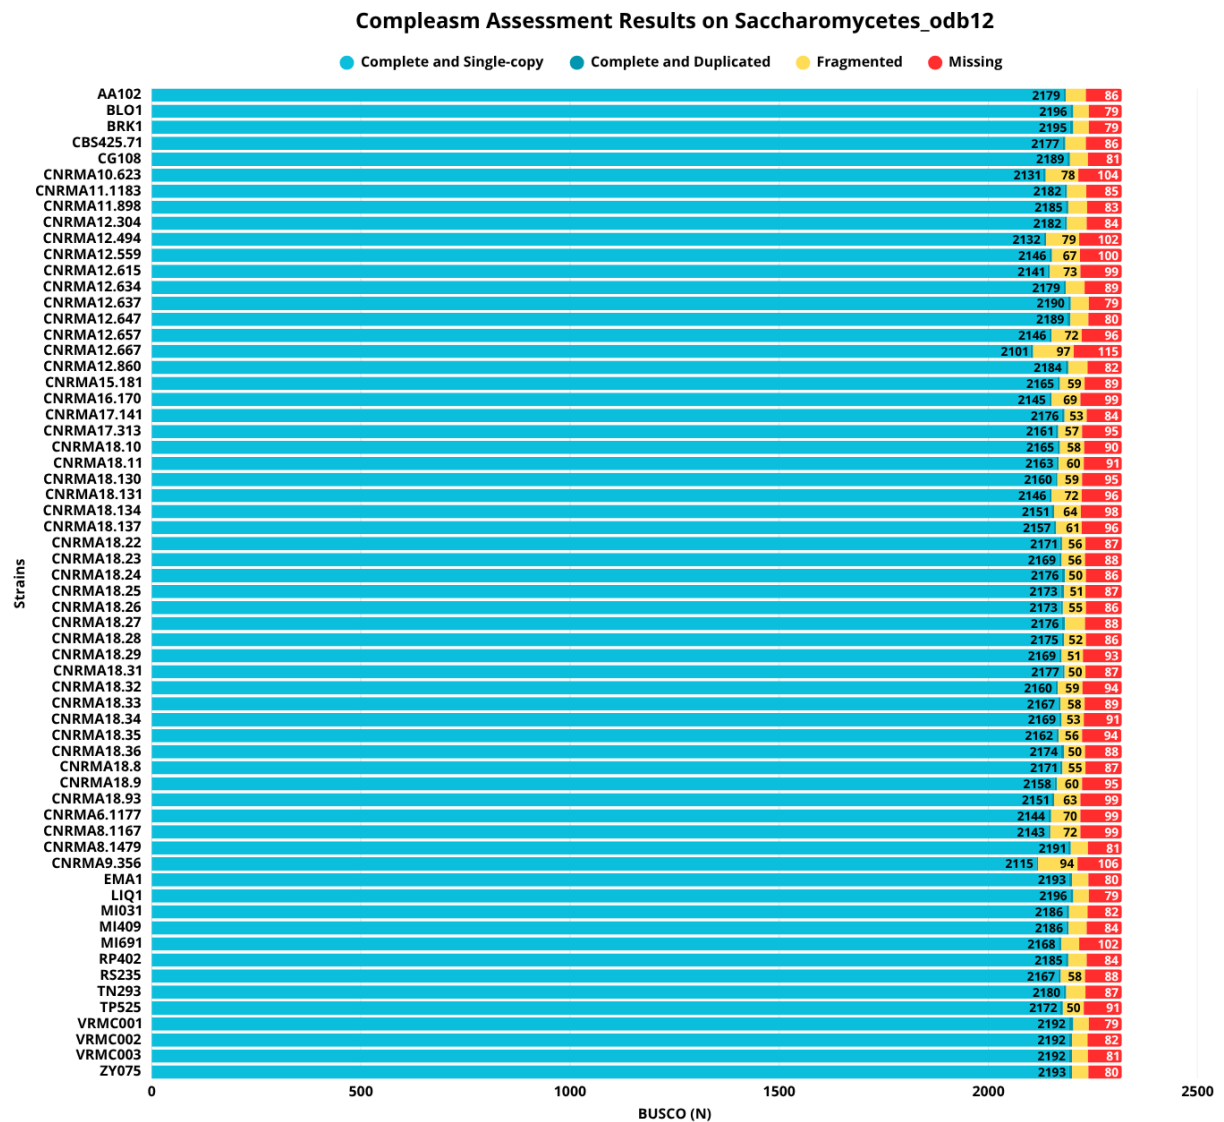

Fig. S1. Compleasm results on Saccharomyces_odb12 database of the genome assemblies included in the pangenome graph.

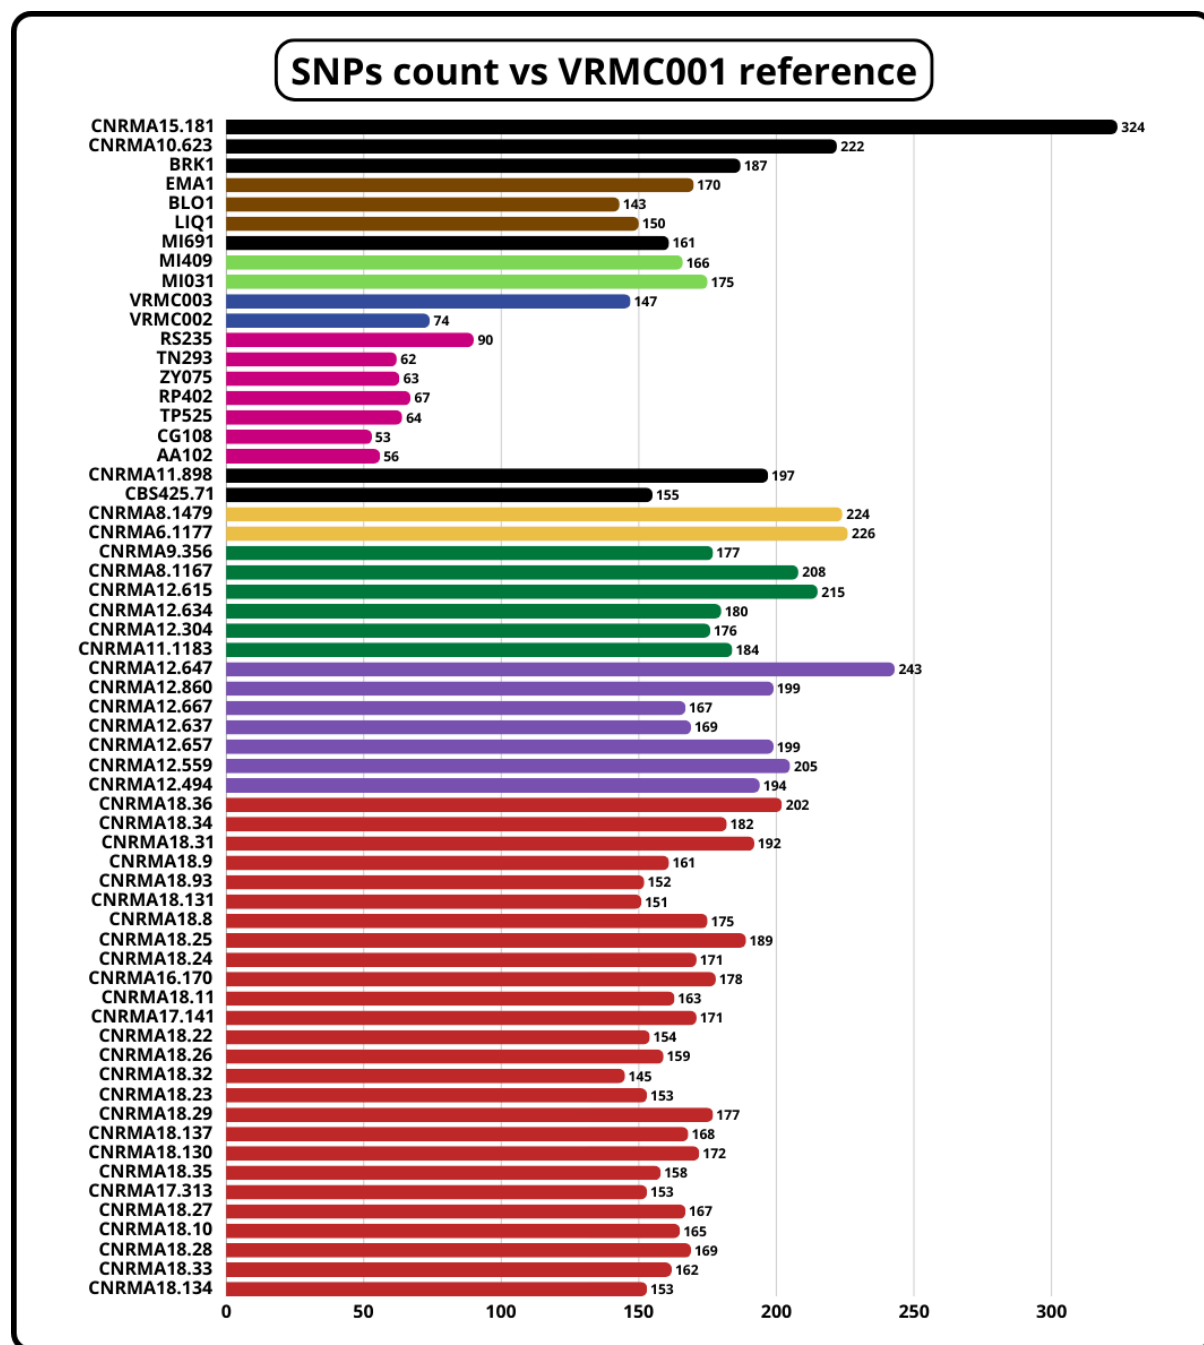

Fig. S2. Number of SNPs in the investigated *M. clavatus* strains relative to the reference strain VRMC001.

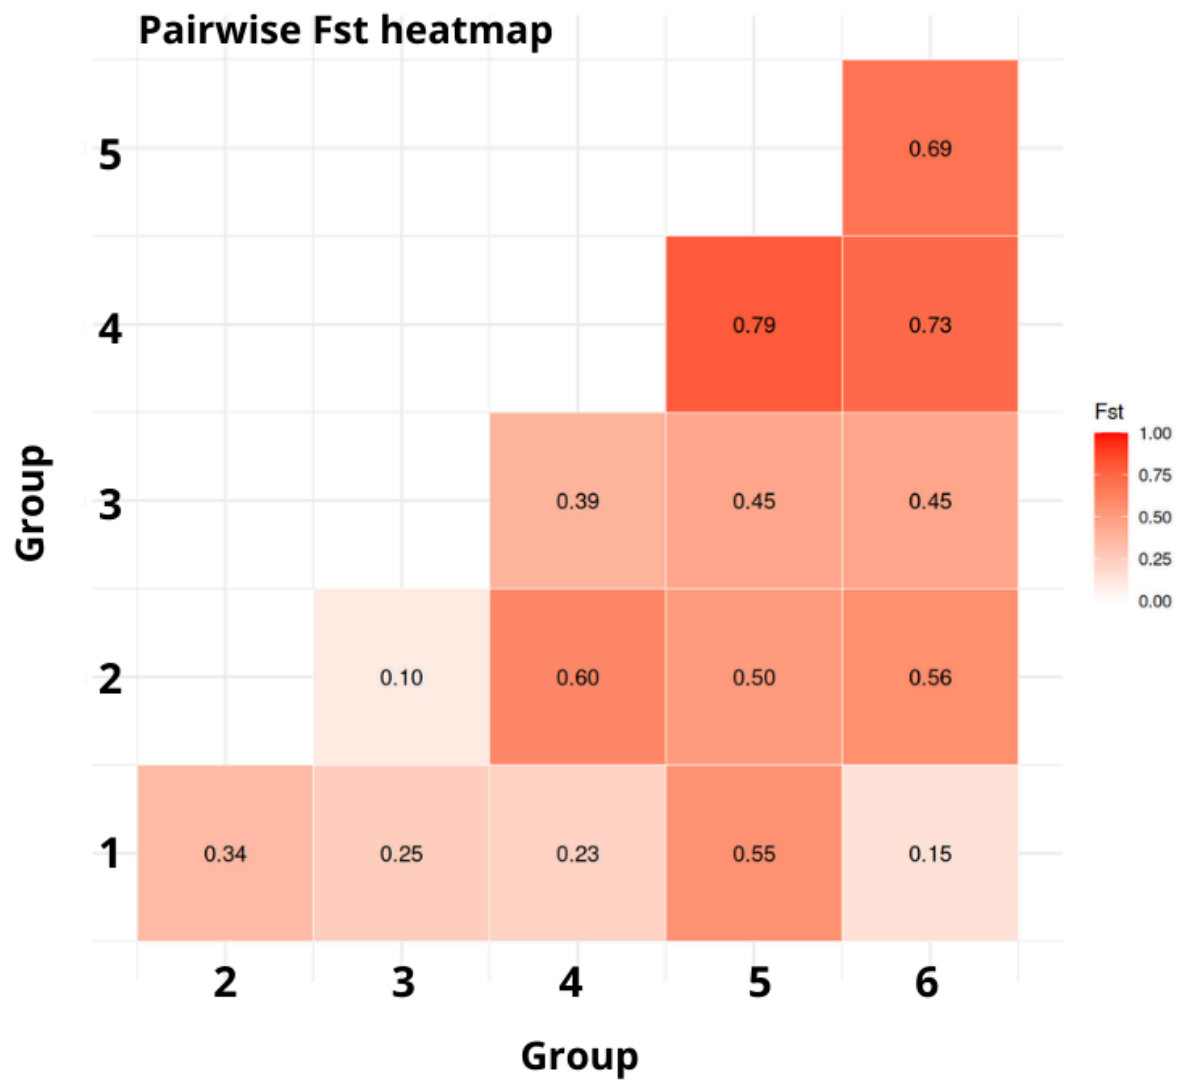

Fig. S4. Pairwise Fst heatmap of *M. clavatus* groups.

Fig. S5. KEGG pathways analysis of pheromone signal transduction pathway and the meiotic program in *M. clavatus* VRMC001 genome.
